

Cut on the dotted line.

Color the mouse and the houses. If desired, add numbers or letters to each house's door. Carefully cut out each house segment. Fold and assemble the houses with either tape or glue. Now you are ready to play the "Little Mouse" game!

To more colors/letters/numbers to the game, decorate the "back" of the houses differently than the front. Between rounds, simply flip the houses so that the back shows.

**Little Mouse,
Little Mouse**

**Are You in the
[color] House?**
